

WT – Assignment-1

Sr. no.	Website URL	Purpose of website	Things I liked about the website	Things I disliked about the website	Overall Evaluation
1.	https://git.kska.io	Git server	Fast loading pages, minimal animations therefore less distractions, straight-forward UI	Lack of dynamic loading for content, downtime	Excellent
2.	https://wikipedia.org	Online Encyclopedia	Comprehensive content, multilingual support, easy search functionality, collaborative editing.	Text-heavy pages can be overwhelming, inconsistent formatting across articles	Good
3.	https://www.craigslist.org	Classifieds for Jobs, Housing, etc.	Simple and straightforward layout, easy to post listings, minimal distractions.	Outdated design, cluttered information presentation, lacks visual appeal	Average
4.	https://www.netflix.com	Streaming Entertainment	User-friendly interface, personalized recommendations, seamless streaming experience, attractive visuals.	High subscription cost, occasional content loading delays	Good
5.	https://www.geocities.com	(Historical Example) Personal/Home Pages	Nostalgic design elements, simplicity for personal expression.	Extremely outdated design, poor navigation, not mobile-friendly	Good
